Gatesbridge's new Merriwether Mall is opening this September. With an area of 320,000 square metres, the Merriweather Mall will be the biggest mall in the south west. It's located close to the motorway, has its own bus station and 2000 car parking spaces, so it is convenient for everyone.

The mall has five areas, all under cover. The largest, Main Street, is a shopping area on three floors. Here, you'll find all the major chain stores and department stores. You can buy fashion items and all the famous brand names. There is also a large chemist.

A few years ago, I worked at a holiday resort in Lapland, in the north of Sweden. The resort was in a forest. Visitors and workers stayed in small wooden cabins all around the forest. There was one large cabin where people ate meals. I started work there in mid November and stayed until just after Christmas. Tourists used to stay at the resort for four days. On the first day, they arrived at the airport and travelled to the resort by coach. I didn't have to work until the evening. Sometimes I went skiing.

Madagascar has two seasons, a warm, wet season from November to April, and a cooler dry season between May and October. However, different parts of the country have very different weather. The east coast is hotter and wetter, with up to 4000mm of rainfall per year. In the rainy season, there are strong winds, and these can cause a lot of damage. Avoid visiting eastern Madagascar between January and March because the weather can make road travel very difficult. The dry season is cooler and more pleasant.

Our activity holidays are for everyone, people who love danger or who just like sports. We have a huge variety of water, snow or desert holidays. We'll take you SCUBA diving in the Red Sea or kayaking and white water rafting in Canada.

If you prefer snow, you can try skiing or snowboarding in the Alps or even igloo-building. For those who like warmer weather, we also have sandboarding (the desert version of skateboarding) or camel safaris.

I was very proud of our team as we kept on winning medals and finished in third position in the medal table, which is truly a great result for Great Britain. There were so many incredible sportsmen and women. The ones that stand out for me are Mo Farah, the Somalian-born Londoner who won the 10,000 and 5,000 metres with the whole stadium going crazy, Jessica Ennis, the popular super-athlete from Sheffield who won the heptathlon, and Nicola Adams who won the first female boxing medal in Olympic history for Britain.

2 years ago, I went to Phutubburk, Thailand. This place is located on the high mountain. I took 6 hours to reach there. When I was bored in the back-seat of the car, I thought it would be just a normal mountain with a small village and the photos on the internet were not true but finally, when I reached there...it was amazing. The cold air touched my face gently. There were a big flat area surrounded with green and pink flowers.

During the 18th century British art began to play an important role in European Art. Particularly in the Romantic Period (at the beginning of the 19th century) the talents of some important painters came to light. J.M.W. Turner and John Constable are the most influential of all British artists. The romantic passion for nature led to so called "landscape painting". They focused on the portrayal of beautiful natural settings. They wanted to express the feeling of a perfect communion with nature and arouse beautiful memories.
